Finance and Payments

- 247/101/18 Report from the Resources Working Group – Fees and Charges & Budget Monitoring**
All new increases in charges were not uniform increases, but are recommended as a result of bench-marking exercises undertaken by the staff. Rises in fees are designed to avoid an increase in the Parish Council's precept and also take into consideration the loss of a substantial grant to the Parish from the Borough Council. The Clerk requested that if any Councillor had any particular concerns about these increases that they contact her direct.
- 248/101/18 External Audit – Report on the Annual Governance and Account Return**
The Clerk reported that the Council had received an 'exception' notice on the Return and apologised for this.
RESOLVED that the External Audit Report is noted by the Council.
Proposed: Cllr Underdown Seconded: Cllr Woodall
- 249/101/18 Approval of Petty Cash and Bank Reconciliations**
The account reconciliations for September were as follows: Main Bank Account £185,856.76; Reserve Account £141,155.44; Petty Cash £67.16. The reconciliation statements were noted signed off.
- 250/101/18 Schedule of Payments**
The Schedule of Payments presented were noted.
- 251/101/18 Income and Expenditure Schedule**
This was noted.

Note 1:

Accounting Policies

The Financial Statements have been prepared in accordance with the Church Accounting regulations 2006 together with applicable accounting standards. In preparing the financial statements and annual report the PCC follows best practice as laid down in the Charities Act 2011 and the Statement of Recognised Practice (SORP) associated with the Act.

As the income of the PCC is below the threshold of £250,000 set out in SI 1995; No 2696 (appendix 4.3) The Charities Act 2011 (£65,602.14), and the PCC has the right to use Receipts and Payments Accounting; thus the Financial Statements have been prepared on this basis, and Assets and Liabilities valued under the historical cost Convention (except for the Valuation of Investment assets, which are shown at current market value).

The financial statements include all transactions, assets and liabilities for which the PCC is responsible in law.

They do not include the accounts of Church Groups that owe their main affiliation to another body or those that are informal gatherings of church members.

Receipts and Payments Account (R&PA)

Receipts and Payments Accounts recognise cashflows in and out of the bank account and only include balances actually received or paid in the period which have not hit the Bank account at year end. Therefore there are no inclusions of expected balances, known balances (not paid or received) or Provisions for items not recognised due to the event not yet taking place.

The Receipts and Payments account is therefore a reconciliation of Actual Cashflows to and From the Bank Account as at 31/12/17.

Funds

Unrestricted (General) Funds represent the funds of the PCC that are not subject to any restrictions regarding their use and are available for the application of the general purposes of the PCC. These include Funds designated for a specific purpose by the PCC as unrestricted.

Restricted Funds represent donations or grants received or invited by the PCC for a specific purpose. The funds may only be expended for that purpose with any balance remaining unspent carried forward to the following year as a balance on the fund. At the purpose end, remaining balances are absorbed into General funds only at the agreement of the donating party or where the balance is insignificant.

Statement of Assets and Liabilities

This schedule is the equivalent of a balance sheet in accruals accounts. It reconciles Assets held (Cash) and Liabilities that are to be Paid (Cash)

Assets:

Non-Monetary Assets

Inventory assets i.e. furnishings, fitting and equipment including Assets used for general parochial use as well as administrative use are vested in the Vicar and Church Wardens as Custodian Trustees. An Inventory is kept and remains the property of the Custodian Trustees.

Monetary Assets

The PCC holds no Investments as at 31/12/2017, and therefore has no investment returns owing. No Gift Aid has yet been claimed/verified for tax year 2015/16 amounting to approximately £5,000. There are currently NO long term Liabilities potentially owing by the PCC.

Liabilities:

Monetary Liabilities

The PCC owed (through unrepresented cheques) a grand total of £3,726.90 as at 31st December 2017. £6 of this relates to an unrepresented cheque from 2012, which will be written off in the 2018 accounts.

Other owing balances related to:

	£
Church Yard Maintenance	160.00
Charitable Giving	1650.00
Carols in the Square - Exp	680.40
Fees to Diocese	732.00
Flowers	288.86
Vicar Expenses	146.00
Other	69.64

There were no other outstanding liabilities exceeding £500 that the PCC was aware of at the date of drafting the accounts.

Note 2:

Magazine (Advertising):

Advertising income from New Waves has decreased this year as advertisers have limited budgets. Our rates are still VERY good value for money and advertisers and advertisers are still willing to continue placing with us.

Historically the Magazine has been run as a loss leader to promote the church in the community and as a key source of outreach. However, the PCC has been researching and reviewing this, and changes have been made to improve the cost of this provision including reviewing the number of editions and paper type. Loss of advertising has resulted in a loss but good value per copy. The Editor has done a sterling job in reducing costs and bringing in advertising revenue.

	2017	2016
Advertising	£2,230.00	£2,182.50
Cake Raffle/Donation	£57.48	£679.35
Printing Cost	(£3,416.34)	(£3,733.39)
Net Income/(Cost)	789.98	(£897.94)
Average Printing cost per Edition	(£354.09)	(£333.35)
Annual Copies	9000	9000
Net Income/Cost per Copy	(£39.99)	(£37.55)
Net Income/Cost per edition	(£354.22)	(£219.33)

The Treasurer would like to point out here that the net cost of the magazine is reliant on an area of high variability in the cake raffles held on Sundays which has greatly helped subsidise the costs.

Note 3: Weddings & Funerals

The income for 2017 for Weddings & Funerals was £8,828 from which fees are paid for services provided by the arranged organist, choir and vergers (and the church is grateful for the choir's and vergers' donation to Church Funds). Also fees are payable to the Diocese from this income. This year we paid to the Diocese £3,399.00 for this year (2017). We also paid £280 to the organist for those occasions.

Note 4: Diocesan Parish Share:

The portion of the 2017 Diocesan share allocated through the Eastleigh Deanery to Hamble Parish was £39,753 which was paid in full.

Although the Diocese would want a flat payment of £3,312.75 pcrn to cover these payments and their own cashflow requirements, this has always been deemed to be too risky by the PCC, due to cashflow implications, as the PCC's accounts are reliant on Seasonal trends. Indeed the Diocese has suggested payment over 10 months which equates to £3,975.30. The 2018 Parish Share is £41,101.07 A monthly Standing Order of £1,000 is set up with the balance outstanding paid each quarter.

Note 5: Organ

The organ costs comprise two six monthly maintenance visits (£308) plus an annual fee for music copyright to CCL (£324)

Note 6: Sundry

Sundry Expenditure was for purchase of our new Stations of the Cross which was offset by personal donations. The other Sundry items were presentation gifts for retiring Churchwarden and other PCC members.

Note 7: Charity/Appeals

During the year St Andrews held many events in Aid of good causes in our local community through registered Charities.

Two Saints	£	291.00
Christian Aid	£	680.69
Childrens Society	£	174.45
Southampton Samaritans	£	550.00
The Haven, Breast Cancer	£	550.00
Doing it for the Kids	£	550.00

The Café has donated the following amounts from the profits, towards the Hamble C of E Charity to help towards the running of the Priory Centre for the benefit of children and adults in Hamble

8/3/17	£300
4/4/17	£300
2/7/17	£300
16/10/17	£300
1/2/18	£200
Total	£1700

Thank you to church and non church members for your support

Recommendations

1. To give an indication as to how the next stage in the process should develop?

INTRODUCTION

1. The Council has talked about developing a vision for the Foreshore area which, in turn, would help to inform the design competition identified as one of the projects on EBC's list. It would also be a key element for the Neighbourhood Plan.

2. Following the We R Hamble Survey, it was agreed that members would meet and identify priorities based on key topics and work up proposals for the village plan. To date, only one group has met. This was the group tasked with the Foreshore and waterfront. Their proposals are attached.

3. In addition, the Dinghy Park Working Group has been looking at the wider issues of the Dinghy Park and how the space could be managed/developed overtime. These ideas all help to create a framework but it is clear that further work is needed to help shape this project and to devise a brief for a design competition.

4. The Foreshore is iconic and is the focus of village life. People use the space in different ways but there are some key factors that need to be upper most in our thoughts as we develop our thinking. They are:

- HPC own the land
- Promote public access
- Invest to attract visits and footfall
- Open and uninterrupted views of the water
- Boating and swimming are both parts of the history of the village
- Area of high spend/high income
- Managing different groups of people – young people, families, older people, residents, sailing community and workers

5. Events over the summer with anti-social behavior and dangerous swimming in the river have made this piece of work more important. Despite good partnership working, the work of the key agencies failed to work and this could be a continuing problem in future years. Although the primary focus will continue to be around avoiding a serious incident, it also needs to consider how the different parts of the foreshore could be used to separate conflicting activities. Some of this might be achieved by improved design. For example, a play area on the southern quay may encourage families to favour that area. Equally, providing better surfacing to the grassed area adjoining the car park might prove a more suitable area for older people, with easy access to the café and toilets.

6. In addition to the parish council's objectives, the Clerk has recently attended a meeting with the Harbour Master and representatives from the Lifeboat and the sailing clubs within the village. The meeting was designed to explore whether there continued to be objections to the extension of the current jetty/pontoon off of the Foreshore and the potential of a pontoon off of the Southern Quay.

When proposals were last considered, the planning application was refused on the detrimental impact that the pontoons would have on views over the river.

7. The meeting was convened to explore this and any technical work arounds to this. What was missing from the meeting was an awareness of the land ownership and the fact that HPC would need to agree as landowner; the planning aspects being a technical aside.

8. It was agreed that the Council would consider proposals that allowed safe swimming as long as there was no reduction in views of the water and no private space was created on or off of the water that would not be available to all the community. It would be worth continuing to bear this in mind as it could help to achieve a safe swimming zone. Clearly, any easement across our land would have a value and this would have to be reflected in any proposal.

9. In the light of this, Council are asked to decide how they want to take this work forward. The money for the benches is currently identified as an earmarked reserve and could be used to support a design competition. We have two sets of ideas developing and further proposals from the river community.

Stakeholder Engagement

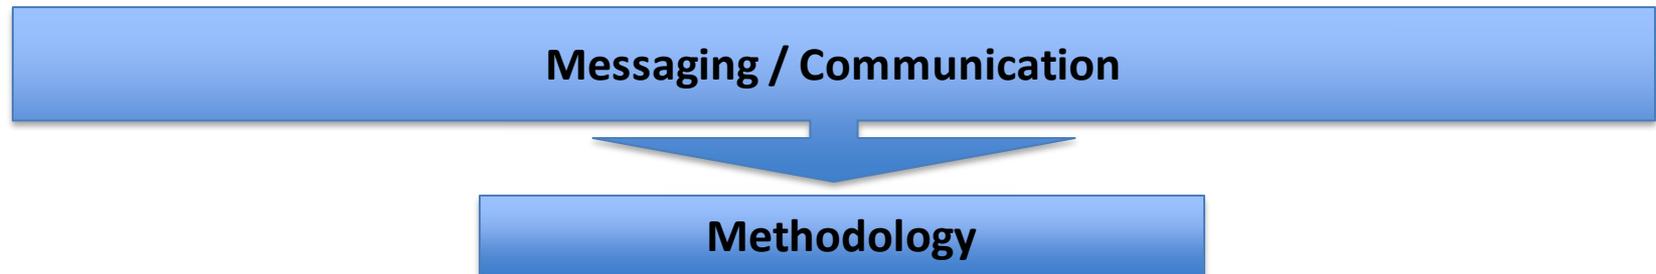

Evaluation NOT Consultation

- The **sole** objective is to determine if residents wish to consider a Neighbourhood Plan.
- It was agreed that the exercise would not take the form of or use the term consultation.
- Consultation and discussion would form part of the NP process should it go ahead.

The evaluation exercise should provide stakeholders with information, which can inform their decision:

- Definition of NP
- Statistics on existing plans
- How would the Neighbourhood Plan process work?
- What the community should consider
- Impact on Local Plan
- How long it would take?
- How much it would cost?
- How it would be managed?

Definition of NP

- Neighbourhood planning is a way for communities like Hamble Le Rice to decide the future of the places where they live and work. It enables residents to have more say on land use and local infrastructure such as where new houses, businesses, shops and community facilities should go in their local area. The plan can also allocate sites for development and may also include more detailed planning policies, for example to define how new development should look.
- Neighbourhood planning provides a powerful set of tools for local people to ensure that they have control over land use in their community. Neighbourhood planning is optional, not compulsory. There is no requirement for any community or parish or council to undertake work on neighbourhood planning if they don't want to.
- Neighbourhood planning was introduced by Government under the Localism Act in November 2011. It holds the same legal status as the Local Plan once it has been approved at a referendum and at this point it comes into force as part of the statutory development plan.
- A neighbourhood plan will normally last for five years at which point it should be reviewed.

What the community should consider

- ✓ Community can influence future land use and create a local vision
- ✓ Safeguard the things we value as a village
- ✓ It can protect or propose the creation of open spaces (Green Gaps, Nature reserves / wildlife corridors, allotments, sports pitches, play areas, parks and gardens, and important historic assets)
- ✓ Include policies that influence design
- ✓ It can say where and what type of future development can take place
- ✓ Protects against a weak of failing Eastleigh Local Plan
- ✓ Ensure housing options for future local generations
- X Can't be protectionist in terms of development, but DON'T need to include additional housing allocation
- X Potential cost of the exercise
- X Time commitment 18-24months
- X Community support and Engagement is required
- X Risk of failing the final examination
- X Care required in order to not set precedents or rights of appeal
- X Can be subject to changes in National Policy Planning Framework

Impact on Local Plan

- EBC is in the process of submitting its local plan and anticipates a hearing will open in Spring 2019. It hopes to have the plan adopted by Winter 2019.
- A 'made' neighbourhood plan for Hamble Le Rice would attain the same legal status as the Local Plan once it has been approved at a referendum. At this point it comes into force as part of the statutory development plan. Applications for planning permission must be determined in accordance with the development plan, unless material considerations indicate otherwise

How would the Neighbourhood Plan process work?

- HPC would lead on neighbourhood plan, but would also seek input from the community and a neighbourhood steering group made up of volunteers would be established.
- The Local Planning Authority is also involved and will make decisions at key stages of the process, such as approving the neighbourhood area within which the Neighbourhood Plan will have effect. It will also organise the independent examination of the plan and the community referendum that is held at the end of the process.
- The referendum is an important part of the process allowing those that live in Hamble Le Rice to decide whether or not the Neighbourhood Plan comes into effect or not.

How long would it take?

- The amount of work will be largely dependent on the content and scope of the plan.
- It will also depend on resources and the commitment of the Neighbourhood Steering Group.
- However, preparing a neighbourhood plan is likely to take a considerable amount of time and effort, and a timescale of probably 2 years.

How it would be managed?

- Neighbourhood plans can only be prepared by a 'qualifying body' in this case HPC.
- In areas such as Hampshire where a parish or town council exists, these are the nominated qualifying body.
- HPC would wish to engage with the wider community therefore advocates a steering group approach led by the qualifying body.
- Members of steering group should include the parish council, other local stakeholders as well as members of the community.

How much would it cost?

- There is no fixed format or template for a neighbourhood plan and the cost of preparing is therefore likely to vary depending on the complexity and size.
- It will also be determined by the level of 'brought in costs', such as expert reports that may be required as evidence.
- However, research suggests that preparing a neighbourhood plan could cost between £18,000 and £40,000.

Hamble Parish Council

Rights of Way Working Group Annual Report October 2018

All Public Rights of Way paths and bridleways have been walked and inspected by Cllrs Thompson and Underdown.

The following issues have been found and are hereby brought to the attention of Hamble Parish Council

Footpath 1 – High Street to Satchell Lane

It was noted that vegetation from neighbouring properties had encroached on to the path in some places, narrowing the 7 foot width of the path. However the path is still easily passable. This has been an ongoing issue from previous years.

Footpath 2 – Footpath 1 to Satchell Lane

Missing finger post at Satchell Lane end (opposite the redevelopment of Satchell Farm).

Footpath 5 Rope Walk to Foreshore

Ladder missing on Royal Southern YC sea wall

Footpath 502 – Copse Lane through Copse

Broken finger post at entrance from Copse Lane opposite Dental Surgery and another a few metres along path at first path junction.

Footpath 503 – Footpath 502 to beach near end of sea wall

Finger post missing at beach end

Junction of footpaths 8, 503 & 504 – east end of sea wall

Footpath sign missing near steps to sea wall

Footpath 506 – Beech Close to beach

Finger post missing at beach end, metal gate missing and unofficial name plate at Beech Close end. There have been problems in the past with motorcycles using this path.

Footpath 12 – Westfield Common footpath 10 (access road) to 14 (beach)

Finger post missing at beach end.

Footpath 505 – Copse Lane to Footpath 7 to School Lane

Improvements by Eastleigh Ramblers and Hamble Conservation Volunteers were noted.

Embarkation and disembarkation of all the public landings

On the 25th October Cllr Underdown undertook the annual embarkation and disembarkation of all the public landings. This included Mercury Quay, the end of the former Mercury Pier by the seat, the Public Hard and dinghy slipway. He was unable to land the end of Footpath 5 (Royal Southern Yacht Club) due to the Council's ladder not being replaced after the Yacht Haven development.

HAMBLE PARISH COUNCIL

MEETING ASSET MANAGEMENT COMMITTEE MINUTES
VENUE Roy Underdown Pavilion, Hamble
DATE Tuesday 06.11 2018
TIME 8.30am

PRESENT Councillors: Schofield (Chair), and Thompson
Cllr Dajka arrived at 9.00am.
Clerk, Head of Grounds and Assets and Deputy Clerk
Members of the public: 0

1a. Apologies for absence
Cllr Cohen

1b. Declarations of Interest in items on the agenda and dispensations
None

1c. Minutes of Asset Management Committee 04.09.2018

Proposed: Cllr Schofield Seconded: Cllr Thompson

RESOLVED: that the minutes of the meetings were approved and signed by the Chair.

2. Public Participation
None

3. Members were asked to consider if it an additional member should be added to the committee to ensure meetings are quorate. The Clerk suggested that this is added to the Agenda for next full council meeting enabling all members the opportunity to express an interest. The Committee agreed this would be a sensible step.

4. Donkey Derby Field

The Clerk reported that all users were invited to attend a meeting which took place recently. It was useful to discuss the issues and in particular the 28 day threshold and ramifications of overstaying allocated days. The organisations with good management procedures in place shared these with other organisations.

Changes to the allocation procedure were also discussed and the Clerk has amended the application form accordingly.

The deposit will be £100 per day plus and an additional £100 per booking.

In addition to the costs noted in the report a deposit of £30 will be payable for use of the electricity connector.

There was a discussion about the benefits to the whole community of some events and the problems that often arose. Where events only have a small number of vehicles to accommodate, event organisers have been asked to consider other

facilities in order to free space up in the calendar for those that are unable to make alternative arrangements.

The RSYC and RAF yacht club have offered to assist HRSC with additional parking if needed.

5. Ladders at Southern Quay

The Clerk advised that a formal complaint has been received about the ladders:

- querying the decision to replace the ladder next to the pontoon as this encourages swimming in the restricted area
- commenting on the design and aesthetic of the uprights.

The Head Groundsman has been asked to contact the contractor to confirm the specification of the ladders supplied and details of the manufacturer to ensure that they are fit for purpose. Checks can then be undertaken to ensure the ladders are designed for marine use especially as one ladder has been damaged by a boat already.

Cllr Cross suggested the Maritime Agency may be able to offer guidance on appropriate standards if needed.

The Clerk advised that initial advice had been taken from the Harbour Master but the recommended contractor had a 12-week lead time which was felt to be too long. It was agreed that the Head Groundsman would report back.

Exempt Business

To consider passing a resolution under Section 100A(4) of the Local Government Act 1972 in respect of the following items of business on the grounds that they are likely to involve the disclosure of exempt information as defined in paragraph 3 of Part 1 of Schedule 12A of the Act.

The Schedule 12A categories have been amended and are now subject to the public interest test, in accordance with the Freedom of Information Act 2000. This came into effect on 1 March 2006.

It is considered that the following items are exempt from disclosure and that the public interest in not disclosing the information outweighs the public interest in disclosing the information.

Cllr Dajka proposed and Cllr Thompson seconded the Committee exempt business from 9.20am until 10.00am

Exempt business was concluded and Clerk left the meeting at 10.00am

Report from Head of Grounds and Assets

Bartletts Field

The head groundsman confirmed that the changes identified at Council had now been agreed and a revised quote received that kept the project within the £50,000 budget. The contract needed to be issued with the purchase order.

Pathway to Mercury Mound A formal approach from MDL is awaited following an 'in principle' discussion with the Head Groundsman regarding improved access. It was emphasised that the Council has no budget in place for any works.

The Deputy Clerk raised concerns regarding the close proximity to an SSI and particularly the risk of disturbance to over wintering birds. English Nature and other interested organisations should be consulted before any works are agreed.

Allotment Holders Meeting Options to improve attendance were discussed and the Head Groundsman was asked to make enquiries to establish a time most likely to generate attendance.

IT WAS RESOLVED:

To give immediate notice to increase allotment fees by 50p per rod from Refunds on a pro rata basis will no longer be offered when allotment plots are relinquished.

A deposit of £20 to be collected for all new agreements subject to allotments being relinquished in a well maintained, immediately re lettable condition

Proposed by Cllr Dajka and seconded by Cllr Schofield

Foreshore Pay & Display machine The electricity supply is in place and the new machine will be stored by the Grounds Team ready for installation. The actual date of installation is awaited.

6. Dinghy Park Working Group Recommendations

It was RESOLVED to accept the recommendation to initially limit allocation to 3 permits per household. Any additional applications will be considered on a case by case basis

Proposed by Cllr Dajka Seconded Cllr Schofield

Provision of Boat Washing Facility The Parish Council is not in a position to take forward the suggestion for installation of boat washing facilities at this time due to budget and time constraints. This is likely this request will be picked up during the wider project to create a long term design vision for the Foreshore area. However, the Council would consider a detailed proposal from a user group subject to completion of a consultation of all users and funding sources.

There has been a history of under charging at the dinghy park when the permit fees did not reflect the true running costs of the facility, Installation of a boat washing facility is likely to increase water usage considerably and this will have to be reflected in the permit fees.

The Head Groundsman reported that the tap in the dinghy park is being dismantled regularly over weekends. It is thought this is probably to overcome the percussion mechanism regulating water usage. The Committee asked that he photograph the incidents to build a log.

User Meeting It was agreed that a dinghy park user meeting could be held early in 2019 to discuss the improvements made over the last 12 months. It is hoped more users will take up the invitation to attend.

7. Mercury Hub Update

The online training modules have been trialled by Cllrs Schofield, Cohen and the Deputy Clerk. They are all agreed that the Council should proceed with the purchase.

It was **RESOLVED** to approve the purchase of the online training package for volunteers.

Proposed by Cllr Cross Seconded by Cllr Dajka

The proposed book cataloguing and borrowing software has been rejected by Eastleigh Borough Council on GDPR grounds. Other options will now be researched but the final decision will rest with Eastleigh Borough Council who have been advised that this is critical to opening to the public.

The display case is too small for the model of the TS Mercury. It has been confirmed that the correct measurements were forwarded to EBC and they have been asked to seek a solution with the manufacturer.

The sapling trees have been planted in accordance with the landscape design but one of the trees is overshadowed by a large existing tree and close to the pathway so unlikely to thrive and this has been pointed out to EBC.

The wi-fi is not yet connected and as a consequence the Barclays Tea and Teach arranged for 14th November has had to be cancelled.

A community Christmas decoration workshop has been arranged for 1st December and it is hoped some Councillors will be available to support the event.

Several suppliers have been approached regarding high end hot drink provision but only one supplier has provided a quotation so far. Depending on the level of usage its possible this could generate a small amount of income. The Deputy Clerk was asked to make some further enquiries and look at the contract offered to see if there is a break clause.

The Parish Council's insurers have provided a quotation of £90.54 to cover liability for 30 volunteers at the Mercury. The Deputy Clerk was asked to obtain an alternative quotation for 50 volunteers and also look in to cover the personal effects of volunteers.

8. Cemetery Management

In view of the volume of information submitted and follow work required it was agreed to pass some of the recommendations with immediate effect with the remaining items being taken to the Task and Finish Group.

The application for Membership of the Institute of Cemetery and Crematorium Managers was noted.

It was **RESOLVED** with immediate effect to:

Require Exclusive Right of Burial to be purchased when applications are received to re-open a grave or ashes plot.

Stipulate a minimum depth for all new graves of 7 feet (double depth)

Stipulate that only BRAMM registered stonemason may install memorials at the cemetery.

Set up a Task & Finish Group to consider all the remaining recommendations consisting of Cllrs Cohen, Schofield and Cross with Cllr Thompson as reserve.

Council

Agenda item: Clerk's Report

1. Itchen Bridge Toll increases consultation - SCC have commenced a consultation linked to their budget preparation. To narrow their budget deficit, they are consulting on a package of measures that include reductions in services and increases in fees and charges. The increase in the toll at Itchen Bridge falls into the latter category.

The consultation web page is attached and sets out the group of people affected as a result of the proposed changes. For Hamble residents it will mean an additional 20p per journey.

What is not clear from the consultation is what the increased revenue will be spent on. There are references to investment in new technology and maintenance of the bridge but it is not explicitly stated in the consultation document.

Below is proposed text for HPC response.

Hamble Parish Council object to the proposal to increase the cost of journeys across the Itchen Bridge to those without a Smartcities card. Residents within the Hamble community work and spend leisure time in SCC contributing to wealth generation yet are penalised for doing so. As a result of traffic in and out of the city along the A3024/A3025 residents experience daily congestion and poor air quality without any benefit. Other schemes nationally recognise the impact of crossings and provide compensatory schemes to benefit the communities impacted. SCC has instead opted to benefit all its residents without regard to those affected by it across the wider hinterland. This is inequitable and indiscriminate. As part of the increase there should be consideration to extend the Smartcities Card to communities outside of SCC that are regular users of the bridge and are affected by the charges and the impacts on the local road network.

It is not clear where the additional revenue will be used and whether it will be ring fenced to fund future maintenance or improvements to barrier free travel across the bridge or will be used to reduce congestion on the network.

Recommendation: to agree the wording of the response to SCC consultation exercise on increases to the Itchen Bridge Toll charges

2. Mercury Community Hub – the license has now been issued and as soon as it is signed HPC will be able to commence a programme of pre-opening events.

The first event will be a team building event with volunteers at the earliest opportunity with a view to then working on the roll out of the programme and training.

It is seen as important to promote the facility amongst community leaders and host a preview event. This event needs to be hosted by members and volunteers are needed to help arrange and host the evening.

The Saturday workshop has been published and we are waiting for bookings. Decorations from the event will be used to dress the trees at the Memorial Hall.

Software for the loan of books remains outstanding and EBC have been asked to resolve it. They will be the data controller and as such need to be satisfied about the level of security and the cost of each package.

Landscaping is currently being done and should be completed within the next week or so. Issues with the utilities remain outstanding.

Action: Members needed to prepare and host a preview evening

3. Office Accommodation - The office reorganisation is well underway. Grounds Team are painting the main office ahead of the furniture being moved into place and discussions have started with HVMH about signage and the use of planters. An article will go into the magazine to alert people to the change from the new year as well as being broadcast via social media and the web.

To facilitate the move the legal deeds and documents will be scanned and moved off site to more secure facilities. A quote for the cost of this will come to the next meeting.

As part of this wider process the office IT equipment has been upgraded over the last ten days. The transfer of data has thrown up a number of issues about business continuity which will need to be addressed as part of next years work plan. In total a couple of days productivity was lost in the transfer and a number of problems are still unresolved.

4. Staffing - The Councils Minute Secretary has advised the Clerk that she will be looking to leave the role over the next few months. Her contribution and attention to detail will be sorely missed. Council are asked to approve her replacement. The cost of the post comes out of the xxx budget which has also been used for bringing in additional staff when needed. Currently Council and Planning meetings are minuted by the Minute Secretary. Asset Management Committee, Personnel Committee and the Review Panel are minuted by the Clerk or Deputy Clerk.

5. Donation - The cost of two Commemorative wreaths came to £37.00 this year. In previous years the Council has made a payment of £50.00 to the RBL by way of an additional donation.
Recommendation: Council is asked to confirm a donation of £13.00 to the RBL this year as part of the purchase of the remembrance poppy wreaths

6. Access at night to the Roy Underdown Pavilion - With the change to British Winter time the lights at RUP have been turned on from 5.30-8.00pm. Despite the darker nights the courts continue to be well used. Previously Council has discussed locking the gates to the RUP overnight to avoid anti-social behaviour. If Council wishes to do this it should consult through the normal mechanisms ahead of the change.

Recommendation: Council agrees to lock the car park at the RUP from 5.00pm a trial basis from the new year and to notify people via the normal communication routes.

7. Christmas Tree decoration event at HVMH – the trees for Christmas are ordered and the electrician booked. Hampshire Fire and Rescue have also agreed to help again. The event is booked for 10am on Saturday 8th December.

This year it has not been possible to align the dressing of the trees with the Christingle as the event needs to take place in the morning due to a performance by the Hamble Players in the afternoon. Last year the event was organised by Cllr Debbie Philips. For the event to proceed a number of volunteers are needed to manage the event.

Clare,

I could not see the last photograph in the application, so my comments based on the rest of the information.

L/18/84128 - Ferryside Cottage, Green Lane, Hamble, SO31 4JB.

The existing termination to the chimney is unusual, presumably a unique solution to protecting the outlet from the prevailing wind.

The proposal to replace these two up-stands and tiling with a traditional chimney pot and cowl with haunching will be more in keeping with the building and those surrounding it, so as long as it is not excessively high there will be no problem. The mortar should match the existing be it lime mortar or cement but if this the mix should include lime to give flexibility.

Dear Mrs Martin,
Thank you for your email.
I have tried to show the change in the attached picture. The fitter as said we can be on a small height pot so the chimney height will be very similar but left the choice open.
As written in my application, we are opened to suggestions/advice so we can agree with you to the best one for the house as it is a listed building in a conservation area.
Please feel free to contact or ask to meet me to so we find the correct pot.
Many thanks for your time.
Best regards

DRAWING NO ↓

The aim of this application is to change the actual gas burner in the chimney to a small wood stove in our living room.

The top of the chimney was built before the house was listed. It is located on the SE corner of the house. It was built with an additional square angle on its NW corner and is opened without top protection. The installer has said we need to cut the square angle top 4 bricks and put a chimney pot on top so the flue is within regulations and safe so we can have a working chimney.

The pot will be layed using Lime Mortar or conventional cement mortar to match the brick joints on chimney stack .

The pot attached is the one been suggested by the fitter but the Conservation officer might have some suggestion to which we are opened to discuss as we have done previously on the house.

There will be no impact on the heritage of the house and probably will make the chimney look more like our neighbours chimney pots.

4. What Are You Applying For?

Are you seeking consent for works to tree(s) subject to a Tree Preservation Order?

Yes No

Are you wishing to carry out works to tree(s) in a conservation area?

Yes No

5. Identification of Tree(s) and Description of Works

Please identify the tree(s) and provide a full and clear specification of the works you want to carry out.

You might find it useful to contact an arborist (tree surgeon) for help with defining appropriate work.

Where trees are protected by a Tree Preservation Order, please number them as shown in the First Schedule to the Tree Preservation Order where this is available. Use the same numbers on your sketch plan (see guidance notes).

Please provide the following information below

5. Identification of Tree(s) and Description of Works

Tree species (and the number used on the sketch plan) and description of works.

Where trees are protected by a Tree Preservation Order you must also provide reasons for the work and, where trees are being felled, please give your proposals for planting replacement trees (including quantity, species, position and size) or reasons for not wanting to replant.

e.g. Oak (T3) - fell because of excessive shading and low amenity value. Replant with one standard ash in the same place.

T1 Beech - Remove tree, previously badly pruned, now top heavy and mis-shapen with low amenity value

6. Trees - Additional Information

For all trees

A sketch plan clearly showing the position of trees listed in the question 'Identification of Tree(s) and Description of Works' MUST be provided when applying for works to trees covered by a Tree Preservation Order. A sketch plan is also advised when notifying the LPA of works to trees in a conservation area (see guidance notes).

It would also be helpful if you provided details of any advice given on site by an LPA officer.

For works to trees covered by a TPO

Please note: If none of the proposed work involves trees covered by a TPO, please answer 'No' to the two questions below

Please indicate whether the reasons for carrying out the proposed works include any of the following. If so, your application MUST be accompanied by the necessary evidence to support your proposals (see guidance notes for further details).

1. Condition of the tree(s) - e.g. it is diseased or you have fears that it might break or fall Yes No

1. Yes, you are required to provide written arboricultural advice or other diagnostic information from an appropriate expert.

2. Alleged damage to property - e.g. subsidence or damage to drains or drives. Yes No

If Yes, you are required to provide for

Subsidence

A report by an engineer or surveyor, to include a description of damage, vegetation, monitoring data, soil, roots and repair proposals. Also a report from an arboriculturist to support the tree work proposals.

Other structural damage (e.g. drains walls and hard surfaces) Written technical evidence from an appropriate expert, including description of damage and possible solutions.

Documents and plans (for any tree)

Are you providing additional information in support of your application (e.g. an additional schedule of work for question 'Identification of Tree(s) and Description of Works')? Yes No

7. Tree Ownership

Is the applicant the owner of the tree(s)? Yes No

8. Tree Preservation Order Details

If you know which TPO protects the tree(s), enter its title or number

9. Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent. Yes No

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

10. Trees - Declaration

I/we hereby apply for planning permission/consent as described in this form and the accompanying plans/drawings and additional information. I/we confirm that, to the best of my/our knowledge, any facts stated are true and accurate and any opinions given are the genuine opinions of the person(s) giving them.
